

2012 IKF / SFI Certified Tech Inspector Certification Program

2-Cycle and 4-Cycle

Saturday, March 31, 2012
Comfort Suites at Living History Farms
11167 Hickman Rd.
Urbandale, IA 50322
Hotel Phone # 515/276-1126

2-Cycle Training
9 am to Noon

4-Cycle Training
1 to 4 pm

Must be current IKF member to complete Certification exam
IKF memberships can be purchased or renewed at this event
Applicant must be a minimum of 18 years of age.

Cost of Certification Examination:

\$30 for testing in one engine type ** \$50 for testing in both engine types
Open book testing will be from your 2012 IKF Tech Manual
(Bring your 2012 Tech Manual or copies available for purchase at the Seminar)

This program will provide training for those who would like to become certified technical inspectors for the IKF Regional and National program. This program is designed to ensure consistency in technical inspection, and to recognize our technical inspectors for their proficiency and experience. The program will begin with a demonstration of an engine technical inspection, followed by open-book testing designed by SFI. Test grading and certification will be completed by SFI. IKF/SFI Certification is for a 2 year period.

For more information, call Jack Hoegerl @ 309 / 793-0118.
No reservations required
