

For Immediate Release

3/15/19

Type: NON-IMPACTING

UPDATE:

15. Fuel Pump

Only fuel pump, B&S part number 808656 **or 597338**, is legal for competition.

Reason for this update: Mikuni has updated the membrane material to meet ROHS Compliance in the EU. From a visual and function standpoint the pump remains unchanged. A new part number change was required to prevent accidental non-compliance. Part number 808656 will eventually supersede to 597338 in the future depending on warehouse inventories.
